Now choose the trait of character you appreciate most of all in friendship and write it on your print.

F. e. I've chosen a white colour because it is a colour of purity and most of all I appreciate faithfulness. And what about you?

- What is your opinion about friendship?

- Who is your best friend? What do you like about him?

- What people do you feel comfortable with?

(The pupils answer the questions and attach their prints to the Friendship Tree)

T: Look! The Tree of Friendship isn't bare anymore. There are a lot of leaves on it. Can you guess why the leaves on the Tree are in the shape of hands.

Group 1

How to make friends?

- *Go where people are: most friends you make will be people who have the same interests.*
- *Be a friend to yourself: don't put yourself down.*
- *Be yourself: no one is perfect. Your friends will not expect you to be, so it is best to just be yourself.*

## Group 2

### How to make friends?

- *Be cheerful: smile, don't always wait for the other person to speak first.*
- *Don't expect perfection in your friends: like you, your friends will make mistakes now and then. Laugh with them about it, but don't put them down.*
- *Give your friend space: everyone likes to be alone sometimes. Give your friend space to have other friends, too.*

## Group 3

### How to make friends?

- *Be choosy about your friends: real friends will not ask you to do things that are harmful and against the law.*
- *Friendship is to give and to take: friendship is sharing things like feelings, plans, and dreams. To make and keep a friend, you have to give as well as take. Learn to compromise.*
- *Realize you will sometimes disagree with your friend: nobody agrees all the time.*

## 7. Тренування в аудіюванні.

T: I'd like to read a short poem "On Friendship". You are given the envelopes with the same poem but it is cut on the stripes. You should put these stripes into the correct order to make up a poem.

### ON FRIENDSHIP

It's love that makes  
The world go round  
And love is based  
On friendship sound  
If everyone  
Would be a friend

To everyone until the end,  
Then fear and strife  
Would hide away  
And harmony would rule the day.
